

4 in 1 Portable 300W Surface & Air Sanitation Cart UVCARTCOMBO

Applications

- > Restaurants
- > Office Facilities
- > Schools
- > Transportation Facilities
- > Retail Establishments
- > Houses of Worship
- > Hotels/Hospitality

Cello Portable 4 in 1 UV Cart 300W

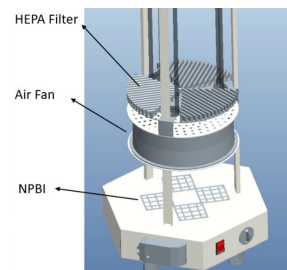

Features

- > Proven UVC Technology kills 99.9% of bacteria and viruses
- > Surface & Air Disinfection
- > Can be used in occupied rooms to clean the air
- > 6 air changes an hour in 1,000 sq ft room 8 foot ceiling
- > Triple Technology-UVC, NPBI and HEPA Filter
- > Ionization also helps clean surfaces when occupied
- > Converts to direct UVC cart for deep clean when room is vacant
- > Mobile app controls on and off from anywhere
- > 100 ft control range that works through walls
- > Timer and remote control

Registrations

FDA Registration Number: 10075734
EPA Registration Number: 96944
FCC ID: 2AE2JSONOFF

Dimensions

- > 12" (W) x 49" (H)

Weight

- > 28 lbs.

UVC

- > 253.7 nm wavelength
- > UV Intensity per lamp $\geq 200 \mu\text{W}/\text{cm}^2$
- > Total UV Intensity (3) lamps $\geq 600 \mu\text{W}/\text{cm}^2$

Safety

- > Timer, Delay Start, Remote Control, Occupancy Sensor

Electrical

- > 300W; 2.5 amps
- > 120V; 60Hz; 10 foot power cord
- > Air Exchange Rate: 200-1,000 CFM
- > Ambient Noise: 50-65dB

Lamp Information

- > (3) 100W UV lamps 24"
- > 12,000 Hour Life

Total Ion Output

- > 60 million ions/cc/sec

Caution: Do not expose skin or eyes to UVC rays as they are harmful. Read and follow all instructions, warnings and safety notices.

Coverage Table

Area (sq. ft.)	1,000	2,000	3,000	4,000	6000
Air Time (Minutes)*	10	20	30	40	60

*Time needed to exchange 100% of air. SAR-CoV-2 disinfection rate: 99.9%

** The height of space is 8 ft. Fan speed is tuned to 800 CFM.

Area (sq. ft.)	400	800	1200	1600	2000
Surface Time (Minutes)*	10	20	30	40	50

*Time needed to disinfect 99.9% of SAR-CoV-2.
